PRR 2026-3443

Ms. Bell,

The City has completed its search and review of your public records request for **"All completed internal affairs complaints, intake logs, investigative summaries, witness interviews, audio/video evidence logs, and disciplinary notices issued to or involving Eric Klinko where findings of misconduct were "sustained," covering the period from January 1, 2019, through March 31, 2022. This includes all independent summaries, case reviews, and closed investigation audits maintained by the Eugene Independent Police Auditor"**.

The City is the custodian of files and videos responsive to this element of your request, however after reviewing this request, the City has determined that the requested internal affairs records are exempt from disclosure pursuant to ORS 181A.674(3). Additionally, the identified responsive videos are also exempt from disclosure pursuant to ORS 192.355(10).

The City has completed its initial searches for responsive records regarding the element of your request surrounding **"All internal and external communications, correspondence, and logs sent, received, or maintained by EPD's executive staff—specifically including Police Chief Chris Skinner and Deputy Chief Stacy Jepson—dated between January 1, 2022, and June 30, 2022, regarding the investigation, internal status, negotiations, retirement, stipulation, or certification of Eric Klinko"**.

Because the City does not separate EPD "executive staff" into a user group, this search required conducting searches citywide, for all employees past and present. Using the furnished keywords, the City has identified 212,000 files responsive to this element of your request that will require review in order to separate exempt and non-exempt information. Each folder needs to be downloaded individually, opened, and reviewed. Additionally, some of these folders contain sub folders that will also require review. Using an estimate of 1 minute per file, the City estimates this process will require approximately 3,533 hours of staff time to complete. Using this formula, the estimate to separate exempt from non-exempt materials is **\$195,869.52** (Research Fee \$55.44 per hour X 3,533 hrs)

Once the City receives payment of **\$195,869.52** staff will continue processing your request. As we begin work, our estimates of the time it will take to process your request and/or the cost of processing your request may change. If we believe it will take longer or cost substantially more to process your request than we originally anticipated, we will provide you with an updated time and/or cost estimate. If the estimated cost exceeds the actual cost of responding to your request, the City will refund the difference. If the actual cost of processing your request exceeds the amount you have paid the City, you will be required to pay the difference before the City will provide the records you have requested.

Once payment is received, we will locate and copy the records noted in your request. If payment is not received within 60 days, your request will be closed.

Pursuant to ORS 192.329(3)(a) the City will not compile responsive documents until the fee is paid.

If an exemption has been asserted, you may seek review of that decision pursuant to ORS 192.415.

Sincerely,

Chris Stetson

Public Records Program Supervisor
